Yes ☒ No ☐

13. State the aggregate market value of the voting stock held by non-affiliates of the registrant. The aggregate market value shall be computed by reference to the price at which the stock was sold, or the average bid and asked prices of such stock, as of a specified date within sixty (60) days prior to the date of filing. If a determination as to whether a particular person or entity is an affiliate cannot be made without involving unreasonable effort and expense, the aggregate market value of the common stock held by non-affiliates may be calculated on the basis of assumptions reasonable under the circumstances, provided the assumptions are set forth in this Form. (See definition of "affiliate" in "Annex B").

**APPLICABLE ONLY TO ISSUERS INVOLVED IN
INSOLVENCY/SUSPENSION OF PAYMENTS PROCEEDINGS
DURING THE PRECEDING FIVE YEARS:**

14. Check whether the issuer has filed all documents and reports required to be filed by Section 17 of the Code subsequent to the distribution of securities under a plan confirmed by a court or the Commission.

Yes ☒ No ☐

PART I - BUSINESS AND GENERAL INFORMATION

Item 1. Business

Allied Care Experts (ACE) Medical Center-Gensan Inc. [the “Company”] was incorporated under Philippine laws on June 10, 2016, under SEC Registration No. CS20161205.

The Company’s primary purpose is to establish, maintain, operate, own and manage hospitals, medical and related healthcare facilities and businesses such as but without restriction to clinical laboratories, diagnostic centers, ambulatory clinics, condo-hospital, scientific research, institutions and other allied undertakings and services which shall provide medical, surgical, nursing, therapeutic, paramedical or similar care, provided that purely professional medical or surgical services shall be performed by duly qualified and licensed physicians or surgeons who may or may not be connected with the hospitals and whose services shall be freely and individually contracted by the patients

The SEC approved the registration statement of the Company for 228,000 shares under SEC-MSRD Order No 29, issued on June 28, 2019.

The Company’s hospital facility is located at Barangay Lagao, General Santos City, The Company caters to patients in its location and the nearby barangays and towns of the city, and nearby provinces.

The Company belongs to an industry which caters to the need of the public and medical specialists for hospital facilities. There are no recognized trends within such industry. The geographic area of competition is in General Santos City wherein the following hospitals are operating:

HOSPITAL	LOCATION	BED CAPACITY	CATEGORY	LEVEL CLASSIFICATION
SOCSARGEN County Hospital	Bula, Lagao Road, cor. Arradaza St, General Santos City	240	Private	Level 2
Gensan Medical Center	National Highway, Purok Veterans, Calumpang, General Santos City	112	Private	Level 2
General Santos Doctors Hospital Inc.	National Highway, Bgy Heights, General Santos City	280	Private	Level 2
Dr. Jorge P Royeca Hospital	Emergency Road, Lagao General Santos City	200	Government	Level 1
St Elizabeth Hospital	National Highway, cor. Santiago Boulevard, General Santos City	276	Private	Level 2
Mindanao Medical Center	Mabuhay Road, General Santos City	100	Private	Level 2
Diagan Hospital	Quezon Avenue, General Santos City	50	Private	Level 1
Augis Clinic and Hospital	Corner Daproza, Quezon Avenue	30	Private	Level 1
Sarangani Bay Medical Specialist Hospital	National Highway, Apopong, General Santos City	100	Private	Level 2

Labella Hospital	1 st Road Calumpang, General Santos City	30	Private	Level 1
------------------	--	----	---------	---------

The Company's strategic location, proximity to patients and reasonableness of the offer price and quality of the facilities enable the Company to effectively compete with its competitors within the area. Patients will find a better ambience with the Company's facility due to its carefully planned designed and constructed hospital building. Its advantage is not simply its newly built structure but it also boasts of new facilities and equipment. It will be a one-stop-shop hospital equipped with the latest technology, complete laboratory and imaging facilities.

The registered office of the Company is at Barangay Lagao, General Santos City.

The Company has not yet started commercial operation; the hospital building is expected to be completed within 18 months barring unforeseen events. The timeline was extended in view of the change in the structural design to ensure the safety and stability of the building due to the risk of earthquakes in the country. As of December 31, 2025, completion is at 50.65% .

The Company is not expected to be dependent upon one or a limited number of suppliers for its hospital equipment and essential raw materials.

The Company, in the normal course of business, has entered into transactions with related parties principally consisting of:

Advances from Shareholders

In 2020, the company called on its founders to be ready to help construction of the hospital in case the need arises given the current situation. It has been a rough time for the company, the pandemic is taking its toll, so any help from the founders would surely go a long way.

To heed this call, some of the founders voluntarily parked some excess resources with the company ready for use in case, these are non-interest bearing funds.

These funds, however, were not used in 2020 so the company decided to liquidate the said amount and return them to the founders. As of first quarter of 2021, these advances from shareholder had been fully paid. In 2022, the company needed funds to settle immediate expenditure that is why, some of the founders and shareholders extended help and advanced some funds in favor of the company. As at December 31, 2025, shareholders' advances recorded amount to P57,622,764.

Required permits were secured by the Company from the Department of Health (DOH) and the local government unit, for its operations.

The Company has also secured the required permits and clearances from the Department of Environment and Natural Resources (DENR) to be able to operate its hospital facility. Implementation of the environmental laws cost ACE-Gensan around P50,000, particularly, for securing its ECC permit.

Total Number of Employees: (As of December 31, 2025)

	CBA	Non-CBA	Total
Rank and File	-	5	5
Supervisors	-	1	1
Managers and Top Management	-		
Total	-	6	6

It is expected that the hiring of personnel will increase as soon as the hospital commences its operation.

The major risks involved in the Company's business as well as the measures being undertaken by the Company to manage such risks are as follows:

1. Financial Risk - The Company has secured a loan from the bank to enable the company to pursue its business.
2. Environmental Risk (Natural Disasters) - The Company ensures that the facility is structurally sound and compliant with the National Building Code to enable it to withstand natural calamities like storms and earthquakes.
3. Economic (Pandemic) - The Company conducts marketing teleconference every weekend in order to buffer the impact of the movement restrictions due to the current health crisis.

Item 2. Properties

The Company owns the following properties:

1. Land - covered by Transfer Certificate of Title No. 147-2017003722 and Tax Declaration Number F-305426, registered under the name of Allied Care Experts (ACE) Medical Center-Gensan Inc. It has a total area of 10,663 sqm and is located in Lagao, General Santos City. This is the property where the Company's multi-disciplinary special medical facility (hospital) is being constructed.

This property including its present and future improvements thereon is the subject of a P500 Million real estate mortgage in favor of Land Bank to finance the construction of the aforementioned hospital and P150M for hospital equipment. Total loans availed, as of December 31, 2024, is in the amount of 214,292,000. Present balance of the account is P207,863,240.

The management has reviewed the carrying values of the property and equipment and as at December 31, 2025 and 2024 for any impairment. Based on the results of the evaluation, there are no indications that these are impaired.

Item 3. Legal Proceedings

The Company is not involved in any legal proceeding.

PART II – SECURITIES OF THE REGISTRANT

A. Market Price of and Dividends on Registrant's Common Equity and Related Stockholder Matters

-------------------------------------	--------------------	--------------------	--------------------

2025 compared to 2024

There was not much activity for the year 2025. Revisions on structural plans were yet to be finalized and construction is still pending waiting for requisite documents and board decisions. Given that the company has employees and officers, administrative expenses were continuously incurred.

2024 compared to 2023

Structural adjustments and revisions to existing plans are on the way. That is the reason why there was a slowdown in the construction of the hospital. Precautionary measures are taken and public safety is always considered. Despite the slow movements, the company was able to sell additional shares of stocks that basically caused to improve the figures on capital shares and premiums.

Once these structural concerns are ironed out, the construction is expected to take off anew and start a rejuvenated spirit to push thru with the project.

2023 compared to 2022

The investing public really needs to be encouraged more. The construction was still on going, although it slowed down a bit. During the year, General Santos City was hit by a Magnitude 6.7 earthquake. There was no major damage in the construction but as a precautionary action, the management decided to do some revisions in the structural plans of the building. This is only for the intention of making sure about the safety of the people who will be working there and the patients who will be using the facility.

Sale of securities still continue. No new releases were received from Land Bank during the year.

KEY PERFORMANCE INDICATORS

	2025	2024	2023
LIQUIDITY RATIOS			
QUICK ASSET RATIO	0.01 : 1	0.04 : 1	0.24 : 1
$\frac{\text{Cash + Cash Equivalents} + \text{Current Accounts Receivables}}{\text{Current Liabilities}}$	The hospital is under construction and funds have always been the most important resources. Liquidity is not anymore an issue. All funds that come in are mostly used for the settlement of obligations related to construction and administration.		
CURRENT RATIO	0.01 : 1	0.04 : 1	0.24 : 1
$\frac{\text{Current Assets}}{\text{Current Liabilities}}$	Funds generated are applied to the construction of the hospital, thus, the low balances of the current asset accounts.		
SOLVENCY RATIO			
DEBT TO EQUITY RATIO	0.62 : 1	0.58 : 1	0.58 : 1
$\frac{\text{Long Term Debt}}{\text{Equity}}$	To date, the long term debts of the company is basically 60% of the total equity. This means that the company is extensively using its credits to finance its projects rather than using its own resources.		

PROFITABILITY RATIOS

NET PROFIT MARGIN RATIO

$$\frac{\text{Net Income}}{\text{Sales}}$$

No information yet for this indicator

RETURN ON EQUITY

$$\frac{\text{Net Income}}{\text{Stockholder's Equity}}$$

LEVERAGE

DEBT TO TOTAL ASSET RATIO

0.45 : 1

0.42 : 1

0.41 : 1

$$\frac{\text{Total Debts}}{\text{Total Assets}}$$

The total debt of the company is basically 45% of the total assets of the company. The assets recorded can cover the obligations of the company. However, these are mostly fixed assets and not easily convertible to cash.

ASSET TO EQUITY RATIO

1.82 : 1

1.73 : 1

1.70 : 1

$$\frac{\text{Total Assets}}{\text{Equity}}$$

The total equity of the company is more or less 62% of its total resources. The numbers are quite ok given the current status of the company, however, it will be better if the shares are quickly sold and forms part of the company's equity.

INTEREST RATE COVERAGE RATIO

INTEREST RATE COVERAGE RATIO

$$\frac{\text{Earnings Before Interests \& Taxes}}{\text{Interest Expense}}$$

Total Comprehensive Income (Loss)	-13,616,690	-17,399,660	3,782,970	-21.74%	NA	NA

Other Income

The other income reflected in 2025 was more than P800K higher than what was posted in 2024. This was due to the take up of Interest income from a loan transaction that got paid in 2025.

General and Administrative Costs

The previous year's expenses of P17.4M decreased by P2.94M or 16.89%. The effect was mostly due to the decreased salaries and wages (decreased 6.86%), decreased honorarium (decreased 32.25%) and other expenses that totally resulted to a lower general and administrative costs for 2025.

Summarized general and administrative expenses are posted below:

The total assets of the company grew by 4.46% from December 2024 to December 2025. Funds used to pay construction related obligations primarily caused to increase of the Construction-In-Progress account.

Current Assets

The current assets decreased by 64.25% as at end of 2025. The cash balance decreased by 87.50% from last year. The same as the accounts receivable that decreased also by 38.31%. The prepayment reflected is the advanced payment of taxes made by the company in the middle of the year.

Non-Current Assets

Construction-In-Progress (CIP) increased P34.7M from last year's balance. The Property & Equipment account has no much movement during the year (except for the usual depreciation) as well as the advances to suppliers and contractors.

LIABILITIES

Total liabilities increased by 11.94% primarily coming from the increase in Advances from Shareholders (P21.8M) by 60.85% and accrued interests and expenses that increased by P21.9M from previous year's balance of P62.35M.

During the year, the company was able to pay Land Bank of the Philippines some P6.43M

EQUITY

Total Equity decreased by 0.98% from previous year's balance. Share Capital increased 3.42%. The increase of P5.6M in the Share Capital balance and another P3.79M from the Share Premiums. However, the total deficit also increased by P17.4M during the year.

Trends, Events, or Uncertainties that are reasonably expected to affect operations**As of December 31, 2025**

- The company has not been involved in any legal proceedings, tax and/or regulatory assessments. There has been no off-balance sheet transactions, arrangements, obligations and other relationships of the company with unconsolidated entities or other persons created during the reporting period.
- There are no seasonal aspects that had a material impact on the results of operations of the company. There are no events nor any default acceleration of an obligation that will trigger direct or contingent financial obligation that is material to the company.
- The company intends to commence its operations in 2026 barring unforeseen events when the hospital facility will be completed.
- The company has no investments on foreign securities.

B. Information on External Auditors

The Company's external auditor is the auditing firm of Dimaculangan, Dimaculangan and Co. CPA's. For the year 2026, the board will appoint the external auditor based on the recommendations of the Audit Committee composed of Dr. Darwin Corpuz[Chairperson/Independent Director], Dr. Agnes Jean Villafior [Independent Director] and Dr. Geanie Cena-Lopez, subject to stockholders' approval.

- a. The Audit committee evaluates proposals based on the quality of service, commitment for deadline and fees. The committee may require a presentation from each proponent to clarify some issues.
- b. DIMACULANGAN, DIMACULANGAN AND CO. CPA'S, represented by its engagement partner, Ms. Maria Teresita Zuniga-Dimaculangan, is the external auditor of the Company for the most recently completed year 2025. Pursuant to SRC Rule 68 (3) (b) (iv) of the Amended Implementing Rules and Regulations of the Securities Regulation Code (SRC) (re: rotation of external auditors), the Company has not engaged Ms. Dimaculangan for more than five years.
- c. Representatives of DIMACULANGAN, DIMACULANGAN AND CO. CPA'S are expected to be present during the stockholders' meeting. The representatives will have the opportunity to make statements if they desire to do so and will be available to respond to appropriate questions from the security holders.
- d. During the two (2) most recent fiscal years or any subsequent interim period, the independent auditor has not resigned nor was dismissed or has declined to stand for reappointment after the completion of the current audit.
- e. The aggregate annual external audit fees billed for each of the last two (2) fiscal years for the audit of the registrant's annual financial statements or services that are normally provided by the external auditor are as follows:
For the year 2025- P205,443.00 (billed and taken up 2025)
For the year 2024- P226,648.09 (billed and taken up 2024)
- f. The above audit fees are inclusive of the following: (a) audit, other assurance and related services by the External Auditor that are reasonably related to the performance of the audit or review of the Company's financial statements P205,443.00; and (b) no other fees, which covers out of pocket expenses i.e. air and land transportation, accommodation, reproduction of reports and other miscellaneous expenses were accrued by the Company as of December 31, 2025.

The Audit Committee reviews the scope of audit work to be conducted by the independent auditor and evaluates their (independent auditor) qualifications based on applicable laws, rules and regulations.

(3) Significant Employees

The Company relies significantly on the continued collective efforts of its senior executive officers and expects each employee to do his share in achieving the Company's goals.

(4) Family Relationships

Dr. Amado Manuel C. Enriquez, Jr., his wife Dr. Marilyn R. Enriquez, sons, Dr. Miguel Antonio R. Enriquez and Dr. Michael Edward R. Enriquez, and Dr. Fernando P. Carlos; Engr. Generoso M. Orillaza and his wife Dr. Marissa A. Orillaza; Dr. Francis G. Lavilla and his wife Dr. Meride D. Lavilla; siblings Dr. Ma. Sonrisa D. Gabor and Dr. Ma. Theresa D. Samonte; siblings Dr. Rhodora G. Gagwis and Dr. Raymund G. Gagwis; in laws Dr. Jasmin L. Montecillo and Dr. Rex Jeffrey P. Montecillo and Dr. Ferjenel G. Biron and his son Mr. Brandt Luke Quan Biron are stockholders of the Company. Except for them, there are no other family relationships up to the fourth civil degree either by consanguinity or affinity among directors, executive officers, persons nominated or chosen by the Company to become directors, or executive officers, any security holder of certain record, beneficial owner or management.

(5) Certain Relationships and Related Transactions

The Company's related parties include its affiliates and shareholders, the Company's key management personnel and others as described below.

In the normal course of business, the Company transacts with individuals/companies, which are considered related parties. The following were carried out with the related parties as of December 31, 2025, 2024, and 2023:

Category	Outstanding Balance 2023	Transactions 2024	Outstanding Balance 2024	Transactions 2025	Outstanding Balance 2025	Terms	Conditions
Advances from Shareholders	27,750,000	8,075,000	35,825,000	21,797,764	57,622,764	Interest bearing to be paid in cash	Unsecured, Unguaranteed, not impaired

(a) Advances from shareholders

In a special meeting of the Board of Directors held on October 11, 2016, the directors and shareholders were mandated and empowered to contribute resources and make cash advances to the Company for the development of its medical structures and appurtenances. In view of this, the shareholders advanced monies in support of the Company's hospital building construction requirements. These advances are non-interest bearing and to be paid subject to availability of funds and/or the Board may decide to convert said advances to equity in the distant future. The Company, however, reserves the right to defer settlement in favor of prioritizing payments relative to hospital construction.

Key Management Personnel Compensation

In a meeting held on July 15, 2023, the Board of Directors approved and ratified the payment of its key management personnel with salaries equivalent to the services they rendered in overseeing the pre-operating stage of the Company, which mainly pertains to the construction of the hospital building as of reporting date.

Key management compensation amounted to ₱7,800,000, and ₱6,900,000 for the years ended December 31, 2025 and 2024, respectively. These amounts are incorporated in the “salaries and other benefits” account in the statements of comprehensive loss (see Note 15).

Key management includes the board of directors, all members of management and other Company officers.

(6) Involvement in Certain Legal Proceedings

As of December 31, 2025, the following Directors are parties to legal proceedings in their capacity as Directors of the Company:

1. Geanie A. Cerna-Lopez
2. Amado Manuel C. Enriquez, Jr.
3. Marietta T. Samoy

Civil Case No. R-CEB-18-01248-CV, Branch XI, Cebu City (Complaint for Declaration of Sale in Installment as Subscription Contract, Declaration of Rights or Pre-Emption, and for Attorney’s Fees) - Dax Matthew M. Quijano, Rosemarie P. Quijano, Eric Y. Cheung, Girlie Cheung, Candice Joy A. Sia vs. ACE Medical Center-Cebu, Inc., Geanie Cerna-Lopez, Velma T. Chan, Luisito R. Co, Maita Cruz, Roberto M. De Leon, Amado Manuel C. Enriquez Jr., Floram C. Limotlimot, Roland Mark M. Gigataras, Joy C. Luna, Nicolas S. Molon, Felix P. Nolasco, Generoso M. Orillaza, Ronald L. Ramiro, Marietta T. Samoy and Evangeline Y. Zozobrado

On March 7, 2018, complainants Dax Matthew M. Quijano, Rosemarie P. Quijano, Eric Y. Cheung, Girlie Cheung, Candice Joy A. Sia, through counsel filed a civil complaint against the Hospital and its Directors (as stated above) praying the Court to direct the defendants ACE Medical Center Cebu and its President and Corporate Secretary to issue the plaintiff’s Certificate of Stock and declare the sale in installment as subscription contract, to allow him to exercise pre-emptive rights to the increase in capital approved by the Board on November 12, 2016.

The Defendants have already filed their Answer to the Complaint.

We filed a Motion to Dismiss the Complaint for lack of interest of the plaintiffs to prosecute the case last August 5, 2020. A Judicial Dispute Resolution was scheduled but failed. Case is up for pre-trial conference.

The judicial dispute resolution (JDR) failed. The case is up for pre-trial conference on April 13, 2023

The 13 April 2023 pre-trial of the case was cancelled and moved to 02 June 2023 at 10:45am. The 02 June 2023 pre-trial was cancelled and moved to 11 August 2023 at 10:45am. The 11 August 2023 pre-trial was cancelled and moved to 20 October 2023 at 10:00 in the morning.

During the 20 October 2023, the plaintiffs’ counsel asked the Court to render a partial judgment recognizing the sale in installment as a subscription contract. We objected and requested that their request for partial judgment be put into writing so that we can make an informed comment on the matter. Plaintiffs were given 15 days to file and the same number of days was granted to us to comment on their filing. The next pre-trial is scheduled on 22 December 2023 at 10:00 in the morning. The 22 December 2023 hearing was reset to 15 March 2024 at 10:30 am.

On October 17, 2024, Baduel Espina & Associates confirmed their appearance during the October 16, 2024 hearing. The court needed more time to resolve the plaintiff's Motion for Partial Summary Judgment, and the pre-trial conference was rescheduled to February 05, 2025.

On May 23, 2025, during the pre-trial hearing, the Court informed the parties and counsels that the draft resolution on the motion for partial summary judgment had not yet been finalized. Consequently, the pre-trial conference was rescheduled to July 25, 2025, at 10:00 a.m.

Civil Case No. R-CEB-18-00601-CV, Branch XI, Cebu City (Complaint for Issuance of Certificate of Stock, Declaration of Sale in Installment as Subscription Contract, Declaration of Rights or Pre-Emption, and for Attorney's Fees) – Ferdinand P. Kionisala vs. Allied Care Experts (ACE) Medical Center-Cebu, Inc., Geanie Cerna-Lopez, Velma T. Chan, Luisito R. Co, Maita Cruz, Roberto M. De Leon, Amado Manuel C. Enriquez, Jr., Floram C. Limotlimot, Roland Mark M. Gigataras, Joy C. Luna, Nicolas S. Molon, Felix P. Nolasco, Generoso M. Orillaza, Ronald S. Ramiro, Marietta T. Samoy, and Evangeline Y. Zozobrado

On February 5, 2018, complainant Ferdinand P. Kionisala filed a civil complaint against the Hospital and its Directors (as stated above) praying the Court to direct the defendants ACE Medical Center Cebu and its President and Corporate Secretary to issue the plaintiff's Certificate of Stock and declare the sale in installment as subscription contract, to allow him to exercise pre-emptive rights to the increase in capital approved by the Board on November 12, 2016.

The Defendants (based in Cebu) have already filed their Answer to the Complaint and Dr. Kionisala has filed a Motion for Partial Summary Judgment, but the same was opposed by the defendants on May 15, 2018. The Court has not yet ruled on the plaintiff's Motion for Partial Summary Judgment of May 2, 2018. Unless the Court resolves the Motion for Summary Judgment by the plaintiff, the case will not move on.

The Defendants filed a Motion to Dismiss the case for failure of the plaintiff to prosecute for lack of interest. The case was scheduled for Pre-Trial on April 30, 2021. Pre-trial was terminated. Case is set for presentation of plaintiff's evidence.

The Court rendered on August 9, 2022 a partial summary judgement on plaintiff's prayer for issuance of certificate of stock leaving the other issues sought for trial on the merits. However, instead of presenting his evidence plaintiff filed a motion to submit the case for decision based on legal issues through the filing of memorandum which is still pending for resolution.

Plaintiff has submitted his motion to submit case for decision based on legal issues, which was submitted to the Court on October 24, 2022. We filed our comment on November 7, 2022. We received an order dated 30 June 2023 where the Court has granted the motion to submit case for decision based on legal issues dated 18 October 2022. The Presiding Judge has granted both parties to file their respective memorandum, which shall be limited to the issue of the extent of plaintiff's preemptive right to purchase/subscribe to shares of stock in view of the defendant Corporation's increase in its capital stock, within 30 days from receipt of said order.

Our Counsel filed a Motion for Reconsideration to set aside and deny Plaintiff's motion to submit case for decision based on the sole issue of whether the plaintiff is entitled to the preemptive right to subscribe to one block of share equivalent to 10 shares or only for 3 shares for utter lack of merit. The Plaintiff's Counsel opposed the Motion for Reconsideration filed by our Counsel. Awaiting decision of the Court on both Motion's.

Special Civil Action Case No. R-CEB-18-08795-SC, Branch XI, Cebu City (For Mandamus to Issue 100% Pre-Emptive Rights, Damages and for Attorney's Fees) - Leo T. Sumatra, Sps. Stephen Paul M. Bergado and Conchita B. Bergado, Marie Davielene Beatriz Ong-Dy and Leonard Matthew Dy, et. Al vs. Allied Care Experts (ACE) Medical Center-Cebu, Inc., Geanie Cerna-Lopez and Velma T. Chan

The Petitioners have filed a Special Civil Action case for Mandamus, to compel the Respondents to immediately issue their 100% pre-emptive rights. The Petitioners claim they are entitled to 10 shares based on their computation of 0.000083333 ownership multiplied by 120,000 (increase in Capital).

Respondents received the Court Order on 11 December 2018. On November 25, 2020 at 8:30AM, a Judicial Dispute Resolution was conducted by RTC Branch 12, Cebu City via video conference hearing. Both parties did not come into an agreement. The Petitioners demanded PHP 600,000.00 from the Respondents. The case was scheduled for Pre-Trial on June 11, 2021. Pre-trial was terminated. Case is set for presentation of petitioners' evidence.

Presentation of petitioners' evidence. Petitioners have so far presented two (2) witnesses.

Petitioners have submitted their motion to submit case for decision based on legal issues, which was submitted on November 7, 2022. Case has been submitted for resolution. Last February 3, 2023, the scheduled hearing pushed through, and Counsel appeared for and on behalf of ACEMCCEBU, despite the pending motion.

On February 15, 2023, the Court denied the request of the Petitioners' motion to submit the case for decision based on the remaining sole legal issue. As stated in the Order, the presentation of evidence for the petitioners will push through as scheduled on 03 March 2023 at 10:45 in the morning. The hearing was cancelled upon receipt of a Constancia dated 27 February 2023 and reset to 28 April 2023 at 10:45 in the morning.

During the 28 April 2023 hearing, the Court still needs to resolve the pending Motion for Reconsideration filed by the Petitioners. Without prejudice to the resolution of the pending incident, the next hearing is set at on 30 June 2023 at 10:45am for presentation of Petitioners' evidence. Considering petitioners' motion for reconsideration has yet to be resolved, the 30 June 2023 hearing was reset to 28 July 2023 at 10:45 am. Due to the pending motion for reconsideration, the 28 July 2023 hearing was reset to 25 August 2023 at 10:45am. The 25 August 2023 was rescheduled to 29 September 2023 at 10:45am. The 29 September 2023 hearing was reset to 14 December 2023 at 10:45am. The 14 December 2023 hearing was reset to 15 March 2024 at 8:30am.

No director has resigned or declined to stand for re-election to the board of directors since the date of the last annual meeting of security holders due to disagreement with the registrant on any matter relating to the registrant's operations, policies, and practices.

On September 26, 2024, Court hearing where the cross-examination of Mr. Peter Sylianco was continued. The petitioners were granted five days to file their Reply to the opposing party's Motion for Production, Inspection, and Photocopying of Documents, with the opportunity for the opposing side to file a rejoinder within the same period. Reimbursement requests for transcript costs were also submitted. The next scheduled, October 24, 2024, hearing for the continuation of petitioners' evidence presentation, with unspecified subsequent procedural activities. November 28, 2024, attendance confirmed for a hearing focusing on the continuation of the presentation of evidence. Petitioners intended to present Atty.

Jarred Cabilte. December 12, 2024, the parties confirmed their appearance to continue cross-examination of Leo Sumatra and other petitioners' evidence. Additional scheduled dates include March 28, April 25, and May 23, 2025, among others, for various stages of evidence presentation and testimony.

Compensation of Directors and Executive Officers

SUMMARY COMPENSATION TABLE

(a)	(b)	(c)	(d)	(e)

- (1) Except for Dr. Amado Manuel C. Enriquez Jr. and Dr. Fernando P. Carlos, who owns 13.13%, Dr. Ferjenel G. Biron, who owns 16.04%, Dr. Natividad M. Torre who owns 5.84% , Dr. Fredilyn G. Samoro who owns 2.92%, Engr. Generoso M. Orillaza, who owns 2.92%, Dr. Francis G. Lavilla who owns 2.92% and Dr. Jasmin L. Montecillo (2.92%) [through direct and indirect ownership], none of the other Company's directors and management owns directly or indirectly 2.0% or more of the outstanding capital stock of the Company.
- (2) There are no voting trust holders of 5% or more.
- (3) The Company is not aware of any voting trust agreement/s or similar agreement/s which may result in a change in control of the Company.
- (4) No change in control of the registrant has occurred since the beginning of its last fiscal year

C. Certain Relationships and Related Transactions

The Company's related parties include its affiliates and shareholders, the Company's key management personnel and others as described below.

In the normal course of business, the Company transacts with individuals/companies, which are considered related parties. The following were carried out with the related parties as of December 31, 2025, 2024, and 2023:

Category	Outstanding Balance 2023	Transactions 2024	Outstanding Balance 2024	Transactions 2025	Outstanding Balance 2025	Terms	Conditions
Advances from Shareholders	27,750,000	8,075,000	35,825,000	21,797,764	57,622,764	Interest bearing to be paid in cash	Unsecured, Unguaranteed, not impaired

(a) Advances from shareholders

In a special meeting of the Board of Directors held on October 11, 2016, the directors and shareholders were mandated and empowered to contribute resources and make cash advances to the Company for the development of its medical structures and appurtenances. In view of this, the shareholders advanced monies in support of the Company's hospital building construction requirements. These advances are non-interest bearing and to be paid subject to availability of funds and/or the Board may decide to convert said advances to equity in the distant future. The Company, however, reserves the right to defer settlement in favor of prioritizing payments relative to hospital construction.

Key Management Personnel Compensation

In a meeting held on July 15, 2023, the Board of Directors approved and ratified the payment of its key management personnel with salaries equivalent to the services they rendered in overseeing the pre-operating stage of the Company, which mainly pertains to the construction of the hospital building as of reporting date.

Key management compensation amounted to ₱7,800,000, and ₱6,900,000 for the years ended December 31, 2025 and 2024, respectively. These amounts are incorporated in the "salaries and other benefits" account in the statements of comprehensive loss (see Note 15).

Key management includes the board of directors, all members of management and other Company officers.

PART V – CORPORATE GOVERNANCE

The Company adheres to the principles of good governance as provided in its Manual on Corporate Governance (MCG). **STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

The management of **ALLIED CARE EXPERTS (ACE) MEDICAL CENTER – GENSAN INC.** is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended December 31, 2025, 2024 and 2023, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders or members.

Dimaculangan, Dimaculangan and Company, CPAs, the independent auditor for December 31, 2025, 2024 and 2023, who were appointed by the stockholders, have audited the financial statements of the company in accordance with Philippine Standards on Auditing and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **ALLIED CARE EXPERTS (ACE) MEDICAL CENTER – GENSAN INC.** (the "Company"), which comprise the statements of financial position as at December 31, 2025 and 2024, and the statements of comprehensive loss, statements of changes in equity and statements of cash flows for the years ended December 31, 2025, 2024 and 2023, and notes to the financial statements, including a material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Allied Care Experts (ACE) Medical Center-Gensan Inc. as at December 31, 2025 and 2024, and its financial performance and its cash flows for the years ended December 31, 2025, 2024 and 2023 in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standard.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of the Matter

As discussed in Note 1 of the financial statements, the Company is still in its pre-commercial operation stage as at December 31, 2024. Its main activities are limited to the construction of the hospital building which is currently in progress.

The accumulated deficit amounting to ₱109,616,996 and ₱96,000,731 as at December 31, 2025 and 2024, respectively, represent various general and administrative expenses actually incurred by the Company while it is still in its pre-operating stage. It is expected to generate positive result upon commencement of its commercial operations.

dimaculangan, dimaculangan and co. cpa's

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period.

As at December 31, 2025 and 2024, we have determined that there are no key audit matters to communicate in our report.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS Accounting Standard, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

dimaculangan, dimaculangan and co. cpa's

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

dimaculangan, dimaculangan and co. cpa's

Report on the Supplementary Information Required Under Revenue Regulations 15-2010, 19-2020 and 34-2020

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations 15-2010, 19-2020 and 34-2020 is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of **ALLIED CARE EXPERTS (ACE) MEDICAL CENTER – GENSAN INC.** The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Report on Additional Components of the Financial Statements

We have audited in accordance with Philippine Standards on Auditing, the financial statements of **ALLIED CARE EXPERTS (ACE) MEDICAL CENTER – GENSAN INC.** (the "Company") as at and for the year ended December 31, 2025 and have issued our report thereon dated April 14, 2026. Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary schedules required by paragraph 7, Part II of the Revised Securities Regulation Code (SRC) Rule 68 (Annex 68-J), Reconciliation of Retained Earnings Available for Dividend Declaration, and Schedule of Financial Soundness Indicators are the responsibility of the Company's management. These schedules are presented for purposes of complying with Revised SRC Rule 68, and are not part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly state, in all material respects, the information required to be set forth therein in relation to the basic financial statements taken as a whole.

ALLIED CARE EXPERTS (ACE) MEDICAL CENTER – GENSAN INC.

NOTES TO FINANCIAL STATEMENTS

As at December 31, 2025 and 2024 and for the years ended December 31, 2025, 2024 and 2023
(Amounts in Philippine Peso)

NOTE 1 - CORPORATE INFORMATION AND STATUS OF OPERATIONS

Corporate Information

ALLIED CARE EXPERTS (ACE) MEDICAL CENTER – GENSAN INC. (the “Company”) was incorporated as a domestic corporation under Philippine laws and was duly registered with the Securities and Exchange Commission (SEC) under registration no. CS201612055 on June 10, 2016.

The Company’s primary purpose is to establish, maintain, operate, own and manage hospitals, medical and related healthcare facilities and businesses such as but without restriction to clinical laboratories, diagnostic centers, ambulatory clinic, condo-hospital, scientific research institutions and other allied undertakings and services which shall provide medical, surgical, nursing, therapeutic, paramedic or similar care, provided that purely professional medical or surgical services shall be performed by duly qualified and licensed physicians or surgeons who may or may not be connected with the hospitals and whose services shall be freely and individually contracted by the patients.

On June 28, 2019, the SEC En Banc approved the registration application of the Company for 228,000 shares under SEC MSRD Order No.29. These shares have been registered and were offered for sale or sold to the public subject to full compliance with the provisions of the Securities Regulation Code and its Amended Implementing Rules and Regulations, Revised Code of Corporate Governance, and other applicable laws and orders as may be issued by the Commission.

The registered office of the Company is located at Second Flr. Genmedex, Santiago Blvd. General Santos City, South Cotabato.

Status of Operations

Currently, the Company is constructing a multidisciplinary medical facility (hospital) which is expected to be fully completed by 2026.

The Company has incurred an accumulated deficit of ₱ 109,616,996 and ₱96,000,731 as at December 31, 2025 and 2024, respectively, as a result of various general and administrative expenses incurred while the Company is still in its pre-commercial operation stage. It is expected to generate positive result upon commencement of its commercial operations.

Authorization for Issuance of the Financial Statements

The financial statements of the Company as at and for the year ended December 31, 2025, including its comparative figures as at December 31, 2024 and for the years ended December 31, 2025 and 2024, were approved and authorized for issuance by the Board of Directors on April 14, 2026.

NOTE 2 - FINANCIAL REPORTING FRAMEWORK AND BASIS OF PREPARATION AND PRESENTATION OF FINANCIAL STATEMENTS**Statement of Compliance***Basis of Preparation*

The financial statements of the Company have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standard.

Basis of Measurement

The financial statements have been prepared under the historical cost basis, unless otherwise stated.

Functional Currency and Foreign Currency Translations*Functional and Presentation Currency*

These financial statements are presented in Philippine Peso (Php), the currency of the primary economic environment in which the Company operates. All amounts are rounded to the nearest peso, except when otherwise indicated.

NOTE 3 - ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS**Adoption of New and Revised Accounting Standards Effective in 2025**

The Company adopted all applicable accounting standards and interpretations as at December 31, 2025. The new and revised accounting standards and interpretations that have been published by the International Accounting Standards Board (IASB) and approved by the Financial and Sustainability Reporting Standards Council (FSRSC) in the Philippines, that were assessed by the Management to be applicable to the Company's financial statements are as follows:

Adoption of Amended Standards Effective Beginning on or after January 1, 2025:

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following new and amended Standard which the Company adopted effective for annual period beginning January 1, 2025.

Unless otherwise indicated, the adoption of the new and amended standard did not have any material effect on the financial statements. Additional disclosures have been included in the notes to financial statements, as applicable.

- Amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates, Lack of Exchangeability* - The amendments specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking.

New and Amended PFRS and PIC Issuances in Issue but Not Yet Effective or Adopted

Unless otherwise indicated the Company does not expect that the future adoption of the said pronouncements to have a significant impact on the financial statements.

The Company intends to adopt the following pronouncements when they become effective;

Effective beginning on or after January 1, 2026:

- Amendments to Illustrative Examples on PFRS 7, PFRS 18, PAS 1, PAS 8, PAS 26 and PAS 37, *Disclosures about Uncertainties in the Financial Statements*
- Amendments to PFRS 9 and PFRS 7, *Classification and Measurement of Financial Instruments*
- Amendments to PFRS 9 and PFRS 7, *Contracts Referencing Nature-dependent Electricity*
- Annual Improvements to PFRS Accounting Standards – Volume 11
 - Amendments to PFRS, 1, *Hedge Accounting by a First-time Adopter*
 - Amendments to PFRS 7, *Gain or Loss on Derecognition*
 - Amendments to PFRS 9, *Lease Derecognition of Lease Liabilities and Transaction Price*
 - Amendments to PFRS 10, *Determination of a 'De Facto Agent'*
 - Amendments to PAS 7, *Cost Method*

Effective beginning on or after January 1, 2027:

- PFRS 17, *Insurance Contracts* – The standard will replace PFRS 4, Insurance Contracts. It requires insurance liabilities to be measured at current fulfillment value and provides a more uniform measurement and presentation approach to achieve consistent, principle-based accounting for all insurance contracts. It also requires similar principles to be applied to reinsurance contracts held and investment contracts with discretionary participation features issued.

On February 14, 2025, the Financial and Sustainability Reporting Standards Council (FSRSC) has approved the amendment to PFRS 17, Date of Initial application. The

amendment further deferred the date of initial application of PFRS 17 by an additional two years, to annual periods beginning on or after January 1, 2027.

Under prevailing circumstances, the adoption of the forgoing new and amended PFRS is not expected to have any material effect on the financial statements of the Company. Additional disclosures were included in the financial statements, as applicable.

- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability*
- Amendments to PAS 21, *Translation to a Hyperinflationary Presentation Currency*

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*.

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING AND FINANCIAL REPORTING POLICIES

The significant accounting policies that have been used in the preparation of these financial statements are summarized below. The policies have been consistently applied to all years presented, unless otherwise stated.

Current versus Noncurrent Classification

The Company presents assets and liabilities in the statements of financial position based on current/noncurrent classification.

An asset is current when it is:

- expected to be realized or intended to be sold or consumed in the normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as noncurrent.

A liability is current when:

- it is expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as noncurrent.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities, respectively.

The Company also modifies classification of prior year amounts to conform to current year's presentation.

Fair Value Measurement

Fair value is the estimated price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability, takes place either:

- in the principal market for the asset or liability; or
- in the absence of a principal market, in the most advantageous market for the asset or liability, the principal or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Financial Instruments

A financial instrument is any contract that give rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Date of Recognition

The Company recognizes a financial asset or a financial liability in the statement of financial position when it becomes a party to the contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

"Day 1" Difference

Where the transaction in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Company recognizes the difference between the transaction price and fair value (a "Day 1" difference) in profit or loss. In cases where there is no observable data on inception, the Company deems the transaction price as the best estimate of fair value and recognizes "Day 1" difference in profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Company determines the appropriate method of recognizing the "Day 1" difference.

Financial assets

Initial Recognition and Measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss (FVPL).

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. The Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss.

The Company's business model for managing financial assets refer to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortized cost are held within a business model with the objective to hold the financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- financial assets at amortized cost (debt instruments)
- financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instrument)
- financial assets designated at fair value through OCI with no recycling of cumulative gains or losses upon derecognition (equity instruments)
- financial assets at fair value through profit or loss

Financial assets at amortized cost (debt instruments)

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Company's financial assets at amortized cost includes cash and cash equivalents (excluding petty cash fund) and advances and other receivables as at reporting dates (see Notes 6 and 7).

Financial assets fair value through OCI (debt instruments)

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation, if any, and impairment losses or reversals are recognized in the statements of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit and loss.

The Company does not have debt instruments designated at fair value through OCI as at reporting dates.

Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Company can elect to classify irrevocably its equity instruments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 – *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in the statements of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as recovery of part of the cost of the financial assets, in which case, such gains are recovered in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Company does not have equity instruments designated at fair value through OCI (FVOCI) as at reporting dates.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the statements of financial position at fair value with net changes in fair value recognized in the statements of profit or loss.

This category includes derivative instruments and listed equity investments which the Company had not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are recognized as other income in the statements of profit or loss when the right of payment has been established.

The Company does not have financial assets at fair value through profit or loss as at reporting dates.

Derecognition

The financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's statements of financial position) when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risk and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a 'pass-through' agreement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership. When it has neither transferred nor retained substantially all of the risk and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on the basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Reclassification

The Company reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date).

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in OCI.

For a financial asset reclassified out of the financial assets at FVPL category to financial assets at amortized cost, its fair value at the reclassification date becomes its new gross carrying amount.

For a financial asset reclassified out of the financial assets at FVOCI category to financial assets at amortized cost, any gain or loss previously recognized in OCI, and any difference between the new amortized cost and maturity amount, are amortized to profit or loss over the remaining life of the investment using the effective interest method. If the financial asset is subsequently impaired, any gain or loss that has been recognized in OCI is reclassified from equity to profit or loss.

In the case of a financial asset that does not have a fixed maturity, the gain or loss shall be recognized in profit or loss when the financial asset is sold or disposed. If the financial asset is subsequently impaired, any previous gain or loss that has been recognized in OCI is reclassified from equity to profit or loss.

For a financial asset reclassified out of the financial assets at FVPL category to financial assets at FVOCI, its fair value at the reclassification date becomes its new gross carrying amount. Meanwhile, for a financial asset reclassified out of the financial assets at FVOCI category to financial assets at FVPL, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss as a reclassification adjustment at the reclassification date.

Impairment

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the

Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been significant increase in credit risk since initial recognition, a loss is required for credit expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company considers a financial asset in default when contractual payments are 30 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full or in part before taking into account any credit enhancements held by the Company. A financial asset is written off in full or in part when there is no reasonable expectation of recovering the contractual cash flows.

Write-off

Financial assets are written-off when the Company has no reasonable expectations of recovering the financial asset either in its entirety or a portion of it. This is the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a derecognition event.

Financial Liabilities

Initial Recognition and Measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement

The measurement of financial liabilities are classified into two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortized cost (loans and borrowings)

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss are designated upon initial recognition at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by PFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in PFRS 9 are satisfied.

The Company has not designated any financial liability at fair value through profit or loss at the end of each reporting period.

Financial liabilities at amortized cost (loans and borrowings)

After initial recognition, interest-bearing loans and borrowings and other payables are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized

in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as "Finance cost" in the statements of comprehensive loss.

This category generally applies to accounts payable and other liabilities (excluding government liabilities), notes payable and advances from shareholders (see Notes 11, 12 and 13).

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statements of comprehensive loss.

Fair Value Option

The Company may, at initial recognition, irrevocably designate a financial asset or liability that would otherwise have to be measured at amortized cost or fair value through other comprehensive loss to be measured at fair value through profit or loss if doing so would eliminate or significantly reduce an accounting mismatch or otherwise results in more relevant information.

Classification of Financial Instrument between Liability and Equity

A financial instrument is classified as liability if it provides for a contractual obligation to:

- Deliver cash or another financial asset to another entity;
- Exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or
- Satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Company does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statements of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

The Company assesses that it has currently enforceable right to offset if the right is not contingent on a future event and is legally enforceable in the event of insolvency or bankruptcy of the Company and all of the counterparties.

Cash

Cash in the statement of financial position comprises petty cash and cash in various banks that are unrestricted and available for current operations. These are stated in the financial statements at amortized amount.

Advances and other receivables

Advances to contractors and suppliers are payments made in advance, such as down payments for a contractual project and acquisition of equipment. Advances are initially recorded at the amount of cash paid. These will be subsequently reclassified to property and equipment upon completion of the project and/or once the equipment is actually or constructively delivered.

Other receivables on the other hand, is recognized if an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets earlier discussed.

Prepayments

Prepayments represent expenses not yet incurred but already paid in cash. Prepayments are initially recorded as assets and measured at the amount of cash paid. Subsequently, these are charged to profit or loss as they are consumed in operations or expire with the passage of time.

Property and Equipment

Property and equipment are initially measured at cost. The cost of an item of property and equipment consists of:

- its purchases price, including import duties and non-refundable purchases taxes, after deducting trade discounts and rebates; and
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Subsequent expenditures relating to an item of property and equipment that have already been recognized are added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Company. All other subsequent expenditures are recognized as expenses in the period in which those are incurred.

At the end of each reporting period, items of property, plant and equipment, except land, measured using the cost model are carried at cost less any subsequent accumulated depreciation and impairment losses. Land is subsequently carried at the revalued amount less accumulated impairment losses. Land is not depreciated.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, if there is an indication of a significant change since the last reporting date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

An item of property and equipment shall be derecognized upon disposal or when no future economic benefits are expected from its use or disposal. When assets are derecognized, their costs, accumulated depreciation and amortization and accumulated impairment losses are

eliminated from the accounts. Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognized in the statement of comprehensive loss.

Fully depreciated and fully amortized assets are retained by the Company as part of property and equipment until these are derecognized or until they are no longer in use.

Construction-in-progress

Construction-in-progress is stated at cost. This includes the costs related to the construction of the hospital building and installation of medical equipment, property development costs and other direct costs. Cost of borrowings and any additional costs incurred in relation to the project are recognized in this account. Construction-in-progress is not depreciated until such time that the relevant assets are completed and ready for its intended use.

The Company recognizes the effect of revisions in the total project cost estimates in the year in which these changes become known. Any impairment loss from the construction project is charged to operations during the period in which the loss is determined.

Impairment of Non-Financial Assets

At each reporting dates, the Company reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When the asset does not generate cash flows that are independent from the other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognized as an expense immediately.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized as income.

Equity

An equity instrument is any contract with the shareholders that evidences a residual interest in the assets of the Company after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue cost.

Share capital

Share capital is recognized as issued when the stock is paid for or subscribed under a binding subscription agreement and is measured at par value.

Share premium

Share premium is the difference between the issue price and the par value of the stock and is known as securities premium. The shares are said to be issued at a premium when the issue price of the share is greater than its face value or par value.

Revaluation surplus

A revaluation surplus is an equity account in which is stored the upward changes in value of property and equipment. If a revalued asset is subsequently dispositioned out from the Company, any remaining revaluation surplus is credited/ (debited) to the retained earnings/ deficit account of the Company.

Deficit

Deficit represents accumulated losses incurred by the Company. Deficit may also include effects of changes in accounting policy as may be required by the standard's transitional provision.

Other comprehensive income (loss)

Other comprehensive income (loss) is defined as comprising items of income and expense that is not recognized in profit or loss as required or permitted by other standards.

Revenue Recognition- Medical Services and Sale of Medicines

Revenue is recognized in accordance with PFRS 15, Revenue from Contracts with Customers, which establishes a five-step model for recognizing revenue arising from contracts with customers.

- Medical services – Revenue from professional fees, diagnostic procedures, and hospital services is recognized over time, as patients simultaneously receive and consume the benefits of the services provided. The Company's performance obligations are satisfied as services are rendered, and revenue is measured at the transaction price agreed with the patient or third-party payor (e.g., PhilHealth, health maintenance organizations).
- Sale of medicines and supplies – Revenue from the sale of medicines and medical supplies is recognized at a point in time, when control of the goods passes to the patient, generally upon delivery at the hospital pharmacy or issuance to the patient during confinement.
- Bundled arrangements – When hospital bills include both services and medicines, management assesses whether these are distinct performance obligations. If distinct, revenue is allocated to each obligation based on their relative standalone selling prices.
- Variable consideration – The transaction price may include discounts, subsidies, or reimbursements from government agencies or insurers. Such variable consideration is estimated at contract inception and constrained to the extent that it is highly probable that a significant reversal will not occur.

Revenue is presented net of discounts and applicable taxes. Receivables from third-party payors are recognized when services are rendered or medicines are delivered, subject to collection risk assessment.

During the year, the Company does not have any revenues from medical operations since the hospital is still in its construction stage.

Other Revenues

Interest income

Interest income is recognized as the interest accrues, taking into account the effective yield on the asset.

Costs and Expense Recognition

The Company presents expenses in the statement of income using the function of expense method. Direct costs represent expenses incurred that are specifically associated with the services rendered, while operating expenses include costs attributable to general, administrative, and other business activities. Expenses are recognized in profit or loss on accrual basis, meaning they are recorded when incurred and not when paid. Costs are matched with related income when association can be directly established, or allocated systematically when benefits are expected to arise over several periods. Expenditures that do not generate future economic benefits are recognized immediately in profit or loss.

Related Party Relationships and Transactions

Related party relationship exists when one party has the ability to control, directly, or indirectly through one or more intermediaries, the other party or exercises significant influence over the other party in making financial and operating decisions. Such relationships also exist between and/or among entities which are under common control with the reporting enterprise, or between, and/or among the reporting enterprise and its key management personnel, directors, or its shareholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

A related party transaction is a transfer of resources, services or obligations between related parties, regardless of whether a price is charged.

Employee Benefits

Employee benefits are all forms of consideration given by an entity in exchange for services rendered by its employees.

Short-term Benefits

Short-term employee benefits are those benefits expected to be settled wholly before twelve months after the end of the annual reporting period during which employee services are rendered, but do not include termination benefits. Short-term benefits given by the Company to its employees include salaries and wages, social security, health insurance and housing contributions, short-term compensated absences, bonuses and other non-monetary benefits.

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

Compensated Absences

Compensated absences are recognized for the number of paid leave days (including holidays). They are included in the salaries and wages account and are recognized when paid at the end of every year to the employee.

Post-employment Benefits

The Company is subject to the provisions of Republic Act No. 7641 (known as the Retirement Law). This requires that in the absence of a retirement plan, an agreement providing benefits for retiring employees in the private sector shall prevail where an employee, upon reaching the age of 60 years or more, but not beyond 65 years, who has served at least 5 years in service, may retire and shall be entitled to a retirement pay equivalent to at least ½ month's salary for every year of service, fraction of at least 6 months being considered as 1 whole year. The current service cost is the present value of benefits, which accrue during the last year.

As at reporting dates, the Company has not yet established a Retirement Benefits Plan for its employees since no employee is entitled to date.

Termination Benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Company recognizes termination benefits when it is demonstrably committed to either (a) terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or (b) providing termination benefits as a result of an offer made to encourage voluntary redundancy.

Borrowing costs

Borrowing costs are generally recognized as expense in the year in which these costs are incurred. However, borrowing costs that directly attributable to the acquisition, construction or production of a qualifying asset are capitalized. Capitalization of borrowing costs commences when the activities necessary to prepare the asset for intended use are in progress and expenditures and borrowing costs are being incurred. Borrowing costs are capitalized until the asset is available for their intended use. It includes interest expense, finance charges in respect of finance leases and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessee

Operating lease payments are recognized as an expense on a straight-line basis over the lease term, except when another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognized as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognized as a liability. The aggregate benefit of incentives is recognized as a reduction of rental expense on a straight-line basis, except when another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Income Tax

Income tax expense represents the sum of the current tax expense and deferred tax expense.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computations of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at each reporting dates and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax rate also recognized in other comprehensive income or directly in equity respectively.

Earnings (Loss) per Share

Basic earnings (loss) per share is calculated by dividing income (loss) attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the year, after giving retroactive effect to any bonus issued/declared during the year, if any.

For the purpose of calculating diluted earnings per share, profit or loss for the year attributable to ordinary equity holders of the Company and the weighted average number of shares outstanding are adjusted for the effects of all dilutive potential ordinary shares.

NOTE 5 - CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Judgments, estimates and assumptions are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The effects of any change in estimates are reflected in the financial statements as they become reasonably determinable.

Judgments in Applying the Company's Accounting Policies

In the process of applying the Company's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the financial statements:

Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate, whether there has been a change in business model and so a prospective change to the classification of those assets.

Significant Increase of Credit Risk

Where the fair values of financial assets and financial liabilities recorded on the statement of financial position cannot be derived from active markets, they are determined using internal valuation techniques using generally accepted market valuation models. The input to these models is taken from observable markets where possible, but where this is not feasible, estimates are used in establishing fair values. These estimates may include considerations of liquidity, volatility and correlation.

Classification of Financial Instrument

The Company classifies a financial instrument, or its component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual agreement and the definitions of a financial asset, a financial liability or an equity instrument. The substance of a financial instrument, rather than its legal form, governs its classification in the statements of financial position.

Operating Lease Commitments – Company as Lessee

Based on Management evaluation, the lease arrangements entered into by Company as a lessee are accounted for as operating leases because the Company has determined that the lessor will not transfer the ownership of the leased assets to the Company upon termination of the lease.

Recognition of Deferred Income Taxes

Significant judgment is required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain in the ordinary course of business. Recognition of deferred income taxes depends on management's assessment of the probability of available future taxable income against which the temporary difference can be applied.

Impairment of Non-Financial Assets

Property and equipment is periodically reviewed to determine any indications of impairment. Though the management believes that the assumptions used in the estimation of fair values are reasonable and appropriate, significant changes in these assumptions may materially affect the assessment of the recoverable amounts and any resulting impairment loss could have a material adverse effect in the results of operations.

Provisions and Contingencies

Judgment is exercised by management to distinguish between provisions and contingencies. Policies on recognition and disclosure of provision and disclosure of contingencies are discussed in Note 4, subheading “*Provisions and Contingencies.*”

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the financial reporting date that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below:

Assessment for allowance for expected credit losses

The Company determines the allowance for ECL using general approach based on the probability-weighted estimate of the present value of all cash shortfalls over the expected life of financial assets at amortized cost. ECL is provided for credit losses that result from possible default events within the next 12-months unless there has been a significant increase in credit risk since initial recognition in which case ECL is provided based on lifetime ECL.

When determining if there has been a significant increase in credit risk, the Company considers reasonable and supportable information that is available without undue cost or effort and that is relevant for the particular financial instrument being assessed such as, but not limited to, the following factors:

- Actual or expected external and internal credit rating downgrade;
- Existing or forecasted adverse changes in business, financial or economic conditions; and
- Actual or expected significant adverse changes in the operating results of the borrower.

The Company also considers financial assets that are more than 30 days past due to be the latest point at which lifetime ECL should be recognized unless it can demonstrate that this does not

represent a significant risk in credit risk such as when non-payment was an administrative oversight rather than resulting from financial difficulty of the borrower.

The Company has assessed that the ECL on other financial assets at amortized cost is not material because the transactions with respect to these financial assets were entered into by the Company only with reputable banks and companies with good credit standing and relatively low risk of defaults. Accordingly, no provision for ECL on other financial assets at amortized cost was recognized for the years ended December 31, 2025 and 2024. The carrying amounts of other financial assets at amortized cost are as follows:

	2025	2024
Cash*	100,104	1,150,394
Advances and other receivables	635,123	1,029,505
	735,227	2,179,899

**excluding petty cash fund of ₱50,000 as at December 31, 2025 and 2024*

Assessment for Impairment of Non-financial Assets

The Company assesses impairment on non-financial assets whenever events or changes in circumstances indicate that the carrying amount of the assets or group of assets may not be recoverable. The relevant factors that the Company considers in deciding whether to perform an asset impairment review include, among others, the following:

- Significant underperformance of a business in relation to expectations;
- Significant negative industry or economic trends; and
- Significant changes or planned changes in the use of the assets.

Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs.

The recoverable amount of the asset is the greater of the fair value less cost of disposal or value in use. The fair value less cost of disposal is the amount obtainable from the sale of an asset in an arm's-length transaction. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

No impairment loss on non-financial assets was recognized as at December 31, 2025 and 2024.

The carrying amounts of non-financial assets are as follows:

	2025	2024
Advances to contractors and suppliers	26,099,000	26,099,000
Property and equipment (net)	90,790,734	90,889,787
Construction-in-progress	657,393,468	622,735,277
	774,283,202	739,724,064

Estimating useful lives of property and equipment

The Company estimates the useful lives of property and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives of property and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets. In addition, estimation of the useful lives of property and equipment and intangible assets is based on collective assessment of industry practice, internal

technical evaluation and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. A reduction in the estimated useful lives of property and equipment would increase recorded operating expenses and decrease non-current assets.

Depreciation is calculated on a straight-line basis over the following estimated useful lives of the assets:

Categories	Estimated Useful Life
Office furniture and equipment	5 years
Transportation and equipment	5 years

As at December 31, 2025 and 2024, the Company's property and equipment had carrying amounts of ₱90,790,734 and ₱90,889,787, respectively, as disclosed in Note 9.

Asset impairment other than goodwill

The Company performs an impairment review when certain impairment indicators are present.

Determining the recoverable amount of property and equipment, which require the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets, requires the Company to make estimates and assumptions that can materially affect the financial statements. Future events could cause the Company to conclude that property and equipment are impaired. Any resulting impairment loss could have a material adverse impact on the financial condition and results of operations.

The preparation of the estimated future cash flows involves significant judgment and estimations. While the Company believes that its assumptions are appropriate and reasonable, significant changes in the assumptions may materially affect the assessment of recoverable values and may lead to future additional impairment charges.

As at December 31, 2025 and 2024, Management believes that the recoverable amounts of the Company's property and equipment approximate its carrying amounts. Accordingly, no impairment loss was recognized in both years.

Deferred tax assets

The Company reviews the carrying amounts of deferred tax assets at each financial reporting date and reduces deferred tax assets to the extent that it is no longer probable that sufficient future taxable income will be available to allow all or part of the deferred tax assets to be utilized. The Company's assessment on the recognition of deferred tax assets on deductible temporary difference is based on the Company's forecasted taxable income of the following reporting period. This forecast is based on the Company's past results and future expectations on revenues and expenses. As at December 31, 2024, 2023 and 2022, the Company had assessed that they will not generate sufficient taxable income from the utilization of deferred tax assets in the succeeding years.

Deferred tax assets with full valuation allowance as at December 31, 2025, 2024 and 2023 amounted to ₱16,427,103, ₱20,326,194 and ₱15,975,983 , respectively (see Note 17).

NOTE 6 - CASH

This account consists of:

	2025	2024
Petty cash fund	50,000	50,000
Cash in banks	100,104	1,150,394
	150,104	1,200,394

Cash includes petty cash fund and in banks that are unrestricted and available for current operations.

This is stated in the statements of financial position at face amount. Cash in banks generally earn interest at the prevailing bank's deposit rates.

Interest earned from cash in banks accounts amounted to ₱616, ₱1,182 and ₱3,869 in 2025, 2024 and 2023, respectively (Note 15), and is presented as "interest income" in the statements of comprehensive loss.

NOTE 7 - ADVANCES AND OTHER RECEIVABLES

This account consists of:

	2025	2024
Accounts receivable	633,123	1,013,155
Advances to employees	2,000	16,350
	635,123	1,029,505

NOTE 8 - ADVANCES TO CONTRACTORS AND SUPPLIERS

This account consists of:

	2025	2024
Advances to contractors ¹⁾	18,033,600	18,033,600
Advances to suppliers ²⁾	8,065,400	8,065,400
	26,099,000	26,099,000

¹⁾ Advances to contractors represent advances for each awarded project activity and is liquidated via deduction, on a pro-rata basis, from the contractor's periodic progress billings.

²⁾ Advances to suppliers are down payments made to suppliers of medical equipment and/or construction materials ordered. The amounts represent 15% - 50% of the total contract price of the items purchased.

NOTE 9 - PROPERTY AND EQUIPMENT (net)

Reconciliation of property and equipment (net) as at December 31, 2025 is as follows:

	Land	Office Furniture and Equipment	Transportation Equipment	Total
Cost:				
At beginning of year	39,334,287	886,410	160,000	40,380,697
Additions	-	-	-	-
At end of year	39,334,287	886,410	160,000	40,380,697
Accumulated depreciation:				
At beginning of year	-	648,123	144,000	792,123
Depreciation	-	83,054	15,999	99,053
At end of year	-	731,177	159,999	891,176
Revaluation increment on Land	51,301,213	-	-	51,301,213
Net carrying value, December 31, 2025	90,635,500	155,233	1	90,790,734

Reconciliation of property and equipment (net) as at December 31, 2024 is as follows:

	Land	Office Furniture and Equipment	Transportation Equipment	Total
Cost:				
At beginning of year	39,334,287	750,957	160,000	40,245,244
Additions	-	135,453	-	135,453
At end of year	39,334,287	886,410	160,000	40,380,697
Accumulated depreciation:				
At beginning of year	-	547,612	106,667	654,279
Depreciation	-	100,511	37,333	137,844
At end of year	-	648,123	144,000	792,123
Revaluation increment on Land	51,301,213	-	-	51,301,213
Net carrying value, December 31, 2024	90,635,500	238,287	16,000	90,889,787

The land covered by TCT No. 147-20173003722 with a total area of ten thousand six hundred sixty-three square meters (10,663 sq. m.) is located in Lagao, General Santos City where the Company's multidisciplinary special medical facility (hospital) is being constructed (Note 10) and is subject of a real estate mortgage as disclosed in Note 12.

On June 7, 2019, the Company engaged an independent appraiser and determined the land's fair value at ₱90,635,500 as of appraisal date. This resulted to a revaluation increment on land amounting to ₱51,301,213 reported under equity. The fair value of parcels land was arrived at

using market-based evidence adjusted based on certain elements of comparison. In valuing, records of recent sales and offerings of similar land were analyzed and comparison made for such factors as size, characteristics of the lot, location, quality and prospective use.

Management has reviewed the carrying values of property and equipment as at December 31, 2025 and 2024, for any impairment. Based on the results of its evaluation, there are no indications that these assets are impaired.

NOTE 10 - CONSTRUCTION-IN-PROGRESS

This account consists of accumulated costs for the construction of the Company's hospital building project which is still ongoing as at reporting dates:

	As at end of year 2024	Amount of Transactions 2025	As at end of year 2025
Payment to contractors	536,612,559	15,296,694	551,909,253
Capitalized borrowing cost	46,764,685	19,361,497	66,126,182
Other related costs	39,358,033	-	39,358,033
	622,735,277	34,658,191	657,393,468

During the development and construction of the hospital building, borrowing costs on interest-bearing loans were capitalized in the approximate smart of P19.3 million and P17.5 million in 2025 and 2024 respectively (see Note 12).

Other related costs pertain to planning and project management expenses directly attributable to the construction project.

As certified by the Construction Manager of the Company, the percentage of completion as of report date is pegged at fifty point sixty-five percent (50.65%).

As at December 31, 2025, the total construction cost to complete the hospital building is estimated to be at ₱1,136,853,613.

NOTE 11 - ACCOUNTS PAYABLE AND OTHER LIABILITIES

This account consists of:

	2025	2024
Accrued expenses ¹⁾	51,481,097	33,661,634
Retention payable ²⁾	23,917,555	23,929,555
Accounts payable ¹⁾	5,353,094	1,031,590
Accrued interest payable ³⁾	2,783,925	4,098,608
Statutory liabilities ⁴⁾	205,054	61,789
Other payables	549,585	549,585
	84,290,310	62,352,999

¹⁾ Accrued expenses and accounts payables pertain to unpaid expenses incurred as of the end of the period which were paid the following year.

²⁾ Retention payable refers to the amount withheld by the Company from the contractor's periodic progress billings as provided for in their respective contract. This shall be released to the contractor, net of deductions, if any, upon full completion and turnover of the project and final acceptance by the Company.

³⁾ Accrued interest payable refers to interest expense incurred on loans from bank.

⁴⁾ Statutory liabilities pertains to tax withheld from payment to suppliers, employees' compensation and statutory contributions to SSS, PHIC and HDMF.

NOTE 12 - NOTES PAYABLE

Notes payable as at December 31 consist of:

	2025	2024
Current portion	-	-
Non-current portion	207,863,240	214,292,000
	207,863,240	214,292,000

In 2020, the Landbank of the Philippines extended a term loan equivalent to a credit line facility totaling ₱500,000,000 to partially finance the construction of a six (6) storey hospital building with roof deck and ancillary building.

The loan can be availed in several drawdowns, payable in 12 years in ladderized quarterly amortizations, including a 3-year grace period for principal amortization. Interest rate is at prevailing rate at the time of availment subject to quarterly repricing. The Company may opt to shift to fix rate after the full drawdown based on the applicable benchmark plus spread at the time of conversion based on the fixing or on the remaining term of the Loan.

As discussed in Note 9, the loan is collateralized and secured by a Real Estate Mortgage (REM) on both parcels of land owned by the Company, including present and future improvements, thereon.

Total accumulated finance costs incurred on loans for financing the construction of hospital building which were capitalized to the building account amounted to ₱66,126,182 and ₱46,764,685 as at December 31, 2025 and 2024, respectively, and was capitalized to construction-in-progress account in the statements of financial position (see Note 10).

NOTE 13 - RELATED PARTY TRANSACTIONS

In the normal course of business, the Company transacts with companies/individuals, which are considered related parties. The following were carried out with related parties as at December 31, 2025 and 2024:

Category	Outstanding Balance 2023	Amount of Transactions 2023	Outstanding Balance 2024	Amount of Transactions 2025	Outstanding Balance 2025	Terms	Conditions
Advances from shareholders	27,750,000	8,075,000	35,825,000	21,797,764	57,622,764	Interest bearing, to be paid in cash (a)	Unsecured, unguaranteed, not impaired

(a) Advances from shareholders

In a special meeting of the Board of Directors held on October 11, 2016, the directors and shareholders were mandated and empowered to contribute resources and make cash advances to the Company for the development of its medical structures and appurtenances.

In view of this, the shareholders advanced monies in support of the Company's hospital building construction requirements. These advances are non-interest bearing and to be paid subject to availability of funds and/or the Board may decide to convert said advances to equity in the distant future. The Company, however, reserves the right to defer settlement in favor of prioritizing payments relative to hospital construction.

Key Management Personnel Compensation

In a meeting held on November 16, 2018, the Board of Directors approved and ratified the payment of its key management personnel with salaries equivalent to the services they rendered in overseeing the pre-operating stage of the Company, which mainly pertains to the construction of the hospital building as of reporting date.

Key management compensation amounted to ₱7,800,000 ,₱6,900,000, and ₱6,900,000 for the years ended December 31, 2025, 2024 and 2023, respectively. These amounts are incorporated in the "salaries and other benefits" account in the statements of comprehensive loss (see Note 15).

Key management includes the board of directors, all members of management and other Company officers.

NOTE 14 - SHARE CAPITAL - net

Details of the Company's share capital as at December 31, 2025 is as follows:

	No. of Shares	Amount
Authorized share capital – ₱1,000 par value		
Founders' shares	600	600,000
Common shares	179,400	179,400,000
Preferred shares	60,000	60,000,000
Total authorized share capital	240,000	240,000,000
Subscribed share capital:		
Founders' shares	600	600,000
Common shares	150,240	150,240,000
Preferred shares	60,000	60,000,000
Total subscribed share capital	210,840	210,840,000
Paid-up share capital (net of subscriptions receivable of ₱40,246,000):		
Founders' shares	600	600,000
Common shares	150,240	138,240,000
Preferred shares	60,000	31,754,000
Total paid-up share capital	210,840	170,594,000

Details of the Company's share capital as at December 31, 2024 is as follows:

	No. of Shares	Amount
Authorized share capital – ₱1,000 par value		
Founders' shares	600	600,000
Common shares	179,400	179,400,000
Preferred shares	60,000	60,000,000
Total authorized share capital	240,000	240,000,000
Subscribed share capital:		
Founders' shares	600	600,000
Common shares	150,130	150,130,000
Preferred shares	60,000	60,000,000
Total subscribed share capital	210,730	210,730,000
Paid-up share capital (net of subscriptions receivable of ₱45,770,000):		
Founders' shares	600	600,000
Common shares	150,130	138,130,000
Preferred shares	60,000	26,230,000
Total paid-up share capital	210,730	164,960,000

In 2018, the Company filed a registration application covering its proposed Initial Public Offering (IPO) of its 36,000 common shares. Said registration statement was approved on June 28, 2019, in accordance with the provisions of the SEC's Securities Regulation Code (see Note 1).

Details of the Company's shares issued through Initial Public Offering(IPO) as at December 31, 2024:

	2025	2024
Beginning balance	18,730	12,340
Issued shares during the year	110	6,390
Ending balance	18,840	18,730

The related share premium after deducting transaction costs associated with the issuance of shares amounted to ₱313,030,784 and ₱309,237,483 as of December 31, 2025 and 2024, respectively. The common share offer price amounted to ₱250,000 up to ₱400,000 per block; [one (1) block is equivalent to ten (10) common shares].

Founders' shares have the exclusive right to vote and be voted upon as directors for five (5) years from the date of SEC registration. Thereafter, the holders of Founders' shares shall have the same rights and privileges as holders of common shares. The Company has forty-four (44) shareholders, each owning 100 or more shares of the Company's shares of stock as at December 31, 2025 and 2024.

Preferred shares shall be subject to the following terms and conditions:

1. Shall be entitled to a reasonable monthly interest to be determined by the board, subject to availability of funds.
2. Convertible to common shares on or before five (5) years.
3. The board at its discretion may at any time, allow the conversion of preferred shares to common shares.
4. Shall not be entitled to voting rights until converted to common shares.

NOTE 15 - OTHER INCOME

	2025	2024
Interest Income (Note 6)	616	1,182
Miscellaneous Income	844,103	-
	844,719	1,182

NOTE 16 - GENERAL AND ADMINISTRATIVE EXPENSES

Details of account consists of:

	Notes	2025	2024	2023
Salaries and other benefits	13	9,022,062	9,686,355	9,328,503
Honorarium		3,334,000	4,921,000	8,147,500
Professional fees		761,127	729,614	997,025
Transportation and travel		287,398	431,017	726,209
Advertising promotions and marketing		158,184	156,120	328,707
SSS/PHIC/HDMF contributions		124,023	172,768	207,658

		14,460,984	17,400,842	21,017,792

NOTE 17 - INCOME TAX

Computation of income tax due (RCIT or MCIT, whichever is higher) is as follows:

I. Regular Corporate Income tax (RCIT)	2025	2024	2023
Net loss before income tax	(13,616,265)	(17,399,660)	(21,013,923)
Add (deduct) reconciling items:			
Interest income subjected to final tax (Note 6)	(616)	(1,182)	(3,869)
Net operating loss	(13,616,881)	(17,400,842)	(21,017,792)
Tax rate	25%	25%	25%
RCIT	NIL	NIL	NIL

II. Minimum Corporate Income Tax (MCIT)

As per Revenue-Regulations No. 09-98, a minimum corporate income tax is imposed using the 2% of gross income as of the end of the taxable year (whether calendar or fiscal year, depending on the accounting period employed) upon any domestic corporation beginning the fourth (4th) taxable year immediately following the taxable year in which such corporation commence its business operations.

As of December 31, 2025, no MCIT was computed or presented in the financial statements as the Company is still in its pre-operating stage and has not yet commenced commercial operations. Consequently, the Company is not yet subject to the MCIT requirement.

III. Net Operating Loss Carry Over (NOLCO)

As at December 31, 2025, the Company's NOLCO and MCIT that can be claimed as deduction from future taxable income and income tax payable, respectively, are as follows:

Year Incurred	Expiration date	Beginning balance	Additions	Expired	Claimed	Ending Balance
NOLCO						
2020	2025	13,430,409	-	(13,430,409)	-	-
2021	2026	13,672,897	-	-	-	13,672,897
		27,103,306	-	(13,430,409)	-	13,672,897

In June 30, 2022 the NOLCO carry over period was reverted back to three years. Thus, as at December 31, 2025, NOLCO that can be claimed as deduction from future taxable income are as follows:

Year Incurred	Expiration date	Beginning balance	Additions	Expired	Claimed	Ending Balance
NOLCO						
2022	2025	15,782,835	-	(15,782,835)	-	-
2023	2026	21,017,792	-	-	-	21,017,792
2024	2027	17,400,842	-	-	-	17,400,842
2025	2028	-	13,616,881	-	-	13,616,881
		54,201,469	13,616,881	(15,782,835)	-	52,035,515

IV. Deferred Tax Asset

The significant component of the Company's deferred tax assets are as follows:

	2025	2024	2023
NOLCO	65,708,412	81,304,775	63,903,933
Tax rate	25%	25%	25%
	16,427,103	20,326,194	15,975,983
Valuation allowance (Note 5)	(16,427,403)	(20,326,194)	(15,975,983)
	-	-	-

The Company provides full valuation allowance on its deferred tax assets from NOLCO since management believes that the Company will not be able to generate future taxable income in which such can be applied. The deferred tax asset of the Company arising from net operating loss carry over (NOLCO) prior to 2020 can be charged against future taxable income of the next three (3) years. On the other hand, deferred tax assets arising from NOLCO for the years 2020 and 2021 can be charged against future taxable income of the next five (5) taxable years pursuant to the CREATE Law.

NOTE 18 - BASIC LOSS PER SHARE

Basic loss per share is computed as follows:

	2024	2023	2022
Loss attributable to ordinary shares	(13,616,265)	(17,399,660)	(21,013,923)
Divide by: Weighted average number of ordinary shares outstanding	216,260	209,780	207,871
Basic loss per share	(62.96)	(82.94)	(101.09)

There are no potential dilutive ordinary shares outstanding as at December 31, 2025, 2024 and 2023.

NOTE 19 - FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**Financial Risk**

The Company's financial risk management policies seek to minimize potential adverse effects of financial risk such as credit risk, liquidity risk, and interest rate risk to its financial assets and financial liabilities.

The Company's principal financial assets and financial liabilities consist of cash (excluding petty cash fund), advances and other receivables, accounts payable and other liabilities (excluding government liabilities), notes payable and advances from shareholders which arise from operations.

The Company's Board of Directors reviews and approves the policies for managing each of these risks and these are summarized below:

Credit risk

Credit risk is the risk that the third party will default on its obligation to the Company and cause the Company to incur financial loss. The Company's business policy aims to limit the amount of credit exposure to any individual client and financial institution. The Company has credit management policies in place to ensure that contracts are entered into with clients who have sufficient financial capacity and good credit history.

The Company's financial assets at amortized cost are composed of cash and cash equivalents (excluding petty cash fund) and advances and other receivables. The Company limits its exposure to credit risk by investing its cash and cash equivalents only with banks that have good credit standing and reputation in the local and international banking industry. These instruments are graded in the top category by an acceptable credit rating agency and, therefore, are considered to be low credit risk investments.

Advances and other receivables are being monitored on a regular basis to ensure timely execution of necessary intervention efforts to minimize credit losses.

It is the Company's policy to measure ECL on the above instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL.

When determining if there has been a significant increase in credit risk, the Company considers reasonable and supportable information that is available without undue cost or effort and that is relevant for the particular financial instrument being assessed such as, but not limited to, the following factors:

- Actual or expected external and internal credit rating downgrade;
- Existing or forecasted adverse changes in business, financial or economic conditions; and
- Actual or expected significant adverse changes in the operating results of the borrower.

The Company also considers financial assets that are more than 30 days past due to be the latest point at which lifetime ECL should be recognized unless it can demonstrate that this does not represent significant credit risk such as when non-payment arising from administrative oversight rather than resulting from financial difficulty of the borrower.

The table below presents the summary of the Company's exposure to credit risk and shows the credit quality of the assets by indicating whether the assets are subjected to 12-month ECL or lifetime ECL. Assets that are credit-impaired are separately presented.

As at December 31, 2025				
	Financial assets at amortized cost			
	12-month ECL	Lifetime ECL – not credit impaired	Lifetime ECL – credit impaired	Total
Cash*	100,104	-	-	100,104
Advances and other receivables	635,123	-	-	635,123
	735,227	-	-	735,227

**excluding petty cash fund amounting to ₱50,000 as at December 31, 2025.*

As at December 31, 2024				
	Financial assets at amortized cost			
	12-month ECL	Lifetime ECL – not credit impaired	Lifetime ECL – credit impaired	Total
Cash*	1,150,394	-	-	1,150,394
Advances and other receivables	1,029,505	-	-	1,029,505
	2,179,899	-	-	2,179,899

**excluding petty cash fund amounting to ₱50,000 as at December 31, 2024.*

Interest Rate Risk

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate.

The Company's financial instruments that are interest-bearing are its cash and cash equivalents (excluding petty cash fund) and notes payable (Notes 6 and 12).

Cash and cash equivalents are subject to prevailing interest rates (see Note 6). Considering that such financial assets have short-term maturity, management does not foresee any cash flow and fair value interest rate risk to have a significant impact on the Company's operations.

The Company's notes payable is exposed to prevailing interest rates subject to repricing based on the tenor of the benchmark rate used (see Note 12). However, upon management assessment, these do not present significant interest rate risk.

Interest rate risk, however, is directed to the portion of the Company's interest-bearing liability, loans payable to a related party, which carry fixed interest rate and are measured at amortized cost.

The Company has no established policy in managing interest rate risk. Management believes that fluctuations on the interest rates will not have significant effect on the Company's financial performance.

Liquidity Risk

In the management of liquidity, the Company monitors and maintains a level of cash deemed adequate by the management to finance the Company's operations and mitigate the effects of fluctuations in cash flows.

The table below summarizes the maturity profile of the Company's financial assets and liabilities based on contractual and undiscounted payments:

As at December 31, 2025

	On Demand	Within 1 year	More than 1 year but less than 5 years	More than 5 years	Total
<u>Financial Assets:</u>					
Cash*	100,104	-	-	-	100,104
Advances and other receivables	635,123	-	-	-	635,123
	735,227	-	-	-	735,227

*Excluding petty cash fund amounting to ₱50,000 as at December 31, 2025.

Financial Liabilities:

Accounts payable and other liabilities**	84,085,256	-	-	-	84,085,256
Notes payable	-	-	-	207,863,240	207,863,240
	84,085,256	-	-	207,863,240	291,948,496

**Excluding government liabilities amounting to ₱205,054 as at December 31, 2025..

As at December 31, 2024

	On Demand	Within 1 year	More than 1 year but less than 5 years	More than 5 years	Total
<u>Financial Assets:</u>					
Cash*	1,150,394	-	-	-	1,150,394
Advances and other receivables	1,029,505	-	-	-	1,029,505
	2,179,899	-	-	-	2,179,899

*Excluding petty cash fund amounting to ₱50,000 as at December 31, 2024.

Financial Liabilities:

Accounts payable and other liabilities**	62,291,210	-	-	-	62,291,210
Notes payable	-	-	45,001,320	169,290,680	214,292,000
	62,291,210	-	45,001,320	169,290,680	276,583,210

**Excluding government liabilities amounting to ₱ 61,789 as at December 31, 2024.

FAIR VALUES OF FINANCIAL INSTRUMENTS

The carrying amounts and estimated fair values of the Company's financial assets and financial liabilities are presented below:

	As at December 31, 2025		As at December 31, 2024	
	Carrying Amounts	Fair Values	Carrying Amounts	Fair Values
Financial Assets:				
Cash*	100,104	100,104	1,150,394	1,150,394
Advances and other receivables	635,123	635,123	1,029,505	1,029,505
	735,227	735,227	2,179,899	2,179,899

*Excluding petty cash fund amounting to P50,000 as at December 31, 2025 and 2024.

Financial Liabilities:				
Accounts payable and other liabilities**	84,085,256	84,085,256	62,291,210	62,291,210
Notes payable	207,863,240	207,863,240	214,292,000	214,292,000
Advances from shareholders	57,622,764	57,622,764	35,825,000	35,825,000
	349,571,260	349,571,260	312,408,210	312,408,210

**Excluding government liabilities amounting to P205,054 and P61,789 as at December 31, 2025 and 2024, respectively.

Assumption Used to Estimate Fair Values

The carrying amounts of cash and cash equivalents, advances and other receivables, and accounts payable and other liabilities approximate their fair values as at reporting dates due to the short-term nature of the transactions.

The carrying amount of notes payable approximates its fair value due to pre-determined contractual cash flow arrangements based on an applicable and regular re-priceable Philippine Dealing System Treasury (PDST) floating rate covering the term of the loan, as provided by the financial lending institution.

The fair value of refundable deposits cannot be measured reliably since there was no comparable market data and inputs for the sources of fair value such as discounted cash flows analysis. However, Management believes that their carrying amounts approximate their fair value.

Fair Value Hierarchy

The Company uses the following hierarchy for determining the fair value of financial assets and liabilities:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 - Inputs are unobservable for the asset or liability

The table below summarizes the classification of the Company's financial assets and liabilities based on the fair value measurement hierarchy:

As at December 31, 2025			
	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Un- observable Inputs (Level 3)
Financial Assets:			
Cash*	100,104	-	-
Advances and other receivables	-	635,123	-
	100,104	635,123	-

*Excluding petty cash fund amounting to ₱50,000 as at December 31, 2025.

Financial Liabilities:			
Accounts payable and other liabilities**	-	84,085,256	-
Notes payable	-	207,863,240	-
	-	291,948,496	-

**Excluding government liabilities amounting to ₱205,054 as at December 31, 2025.

As at December 31, 2024			
	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Un- observable Inputs (Level 3)
Financial Assets:			
Cash*	1,150,394	-	-
Advances and other receivables	-	1,029,505	-
	1,150,394	1,029,505	-

*Excluding petty cash fund amounting to ₱50,000 as at December 31, 2024..

Financial Liabilities:			
Accounts payable and other liabilities**	-	62,291,210	-
Notes payable	-	214,292,000	-
	-	276,583,210	-

**Excluding government liabilities amounting to ₱61,789 as at December 31, 2024.

There were no reclassifications made between the different fair value hierarchy level as at December 31, 2025 and 2024.

CAPITAL MANAGEMENT

The primary objective of the Company's capital management is to ensure that it maintains healthy capital ratios in order to support its business, pay existing obligations and maximize shareholders value.

The Company manages capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust capital, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended December 31, 2025 and 2024.

The following table pertains to the account balances the Company considers as its core economic capital:

	2025	2024
Share capital-net	170,594,000	164,960,000
Share premium-net	313,030,784	309,237,483
Revaluation increment on land	51,301,213	51,301,213
Deficit	(109,616,996)	(96,000,731)
	425,309,001	429,497,965

The loan agreement with Landbank (Note 12) provides certain restrictions and requirements with respect to, among others, maintenance of financial ratios (debt-to-equity ratio of 80:20), percentage of ownership of specific shareholders, creation of property encumbrances and additional guarantees for the incurrence of additional long-term indebtedness.

As of reporting dates, all covenants and requirements are complied with.

NOTE 20 - CHANGES IN LIABILITIES ARISING FROM FINANCING ACTIVITIES

The following table summarizes the changes in liabilities arising from financing activities as at December 31, 2025 and 2024:

	2024	Cash Inflows	Payments	2025
Notes payable	214,292,000	–	6,428,760	207,863,240
Advances from shareholders	35,825,000	21,797,764	–	57,622,764
	250,117,000	21,797,764	6,428,760	265,486,004

	2023	Cash Inflows	Payments	2024
Notes payable	214,292,000	–	–	214,292,000
Advances from shareholders	27,750,000	8,075,000	–	35,825,000
	242,042,000	8,075,000	–	250,117,000

SUPPLEMENTARY INFORMATION REQUIRED BY REVENUE REGULATION (RR)

The following information is presented for purposes of filing with the BIR and is not a required part of the basic financial statements.

Revenue Regulations (RR) 15-2010

On November 25, 2010, the Bureau of Internal Revenue (BIR) issued Revenue Regulations (RR) 15-2010, which requires certain information on taxes, duties, and license fees paid or accrued during the taxable year to be disclosed as part of the notes to financial statements. This supplemental information, which is an addition to the disclosures mandated under PFRS is presented as follows:

Output and Input Value-Added Tax

Hospitals and clinics are exempt from VAT by virtue of Section 109 of the National Internal Revenue Code.

Documentary Stamp Tax

Details of the documentary stamp taxes paid for the year ended December 31 are as follows:

	2025
DST on additional subscription of shares charged to expense	1,247

Taxes and licenses

Details of the Company's other local and national taxes for the year are as follows:

	2025
Documentary stamp tax	1,247
Real property tax	13,790
Business permits	4,392
Annual BIR registration fee	500
Community tax	26,647
	46,576

Withholding Taxes

Withholding taxes paid by the Company for the year are as follows:

	2025
Expanded withholding taxes	251,565
Withholding tax on compensation	1,553,750
	1,805,315

Deficiency Tax Assessment and Tax Cases

The Company has no deficiency tax assessments or any tax cases, litigation, and/or prosecution in court or bodies outside the Bureau of Internal Revenue as of December 31, 2025.

RR 19-2020 and RR 34-2020

In 2020, the Bureau of Internal Revenue (BIR) issued the foregoing Revenue Regulations for the effective implementation of Philippine Accounting Standard No. 24 (PAS 24) governing the guidelines and procedures for "transfer pricing documentations" involving related party transactions thru the submission of BIR Form No. 1709 and the supporting documents, as an attachment to the financial statements to be filed with the BIR.

The Company reported net operating losses for the current taxable year and the immediately preceding two (2) consecutive taxable years, hence, meets the criteria provided by these Revenue Regulations, and accordingly, required to submit BIR Form 1709.
